

Logan Krause  
President  
Wright State University CEG/CS Alumni Society

21 February, 2025

**To Whom It May Concern,**

I am pleased to write this letter of recommendation on behalf of **Grant Rynders and Nathan Fairweather**, members of the team "**UDF Milkshakes**", who participated in the "Make it Wright" Hackathon, held at Wright State University from January 31 to February 1, 2025. This event brought together innovative, driven, and collaborative students from a wide range of disciplines to tackle real-world challenges through creative problem-solving and rapid prototyping.

During the 24-hour hackathon **Grant Rynders and Nathan Fairweather** demonstrated exceptional initiative, technical skill, and teamwork under time-constrained and high-pressure conditions. They showcased strong project management abilities, critical thinking, and the capacity to quickly learn and apply new tools or technologies. Their project reflected a thoughtful approach to problem-solving and a high level of professionalism throughout the event.

Participation in this event highlights their commitment to continuous learning, collaboration, and applying academic knowledge to practical challenges. I am confident that **Grant Rynders and Nathan Fairweather** will bring the same energy, creativity, and determination to any future academic, professional, or entrepreneurial endeavor.

Sincerely,

Logan Krause  
President

Wright State University CEG/CS Alumni Society
